

fastener type HG18 WM with vibrating element

description	part-no.	dimension		shore	for stud	material
		C	H			
HG 18/65 WM	H25846	65	79	40° TPE	M6	StZn

Advantages:

- quick mounting
- high distance balance
- installable in all positions
- fire resistant
- maximum permissible load = 150N/fastener
